Ilda Pires

Born in Lisbon in 1959 Ilda is the main designer of Serip. She is responsible for the creation of the organic style that defines Serip.

With more than 30 years of experience creating lighting she tends to brake the rules of the conventional. She is passionate with the expression of the design as a sculpture, where she translates her influences of the different cultures of the world.

David Garcia

Born in Barcelona in 1978 David belongs to the technical and project department of Serip. He has a long experience designing and producing modern lighting, which creates an interesting balance between the classic and contemporaneous creations of Serip.

David has an amazing sense for compositional order and he is focused on detail. He is responsible for the integration of the newest lighting systems in the Serip lighting sculptures.

Miguel Ângelo

Born in Lisbon in 1984 Miguel completed his studies in IADE where he graduated in Industrial Design. He is in charge of the project department of Serip and works constantly in the customization of each Serip lighting.

Miguel mainly takes inspiration from natural and asymmetrical shapes. His interest for conceptual design allows each Serip installation to become unique and exclusive.

BLACK&WHITE moments

...yin and yang, are concepts used to describe how apparently opposite or contrary forces are actually complementary, interconnected and interdependent in the natural world, and how they give rise to each other as they interrelate to one another. Many tangible dualities (such as light and dark, hot and cold, fire and water, life and death, male and female, sun and moon, BLACK&WHITE and so on are thought of as physical manifestations of this dualism...

Dream with real moments. Be one with the moment. Play with magic moments. Believe in the impossible moments. Create unique moments. Find your defining moments. Embrace the simple moments. Defy the irreplaceable moments. Feel genuine moments. Imagine exceptional moments. Make the unexpected moments. Seek the perfect moments. Taste delicious moments. Design your own moments. Change the moment. Think about extraordinary moments. Enjoy the remarkable moments. Do the challenging moments.

Be one with the moment

Be passionate, be in love in Paris . Be creative, be lazy . Be determined, be hilarious . Be yourself, be superman . Be average, be second to none skiing in the alps . Be standard, be freak . Be a gentlemen, be a rocker in Los Angeles . Be subtle, be a king . Be happy with less than you need, be never satisfied with your knowledge . Be sure, be vague . Be at peace in a Cambodia Temple, be rushing to get a Taxy . Be bold, be italic . Be flexible, be a scientist . Be serious, be crazy and go on an expedition to the North Pole . Be always right, be wrong sometimes . Be amazed at the Lantern Festival in Taiwan, be bored to death in the rush hour . Be quiet, be like a thunderstorm in a rock concert . Be faraway, be all ears to your mother . Be my guest, be on your way to a road trip .

Imagine exceptional moments

Imagine a rude awakening, imagine a sweet dream . Imagine falling deeply in love, imagine listening Bossa Nova in Copacabana . Imagine magnificence, imagine dancing flamenco in Seville with passion . Imagine spending a whole day reading a great novel, imagine your work report . Imagine driving across America from coast to coast, imagine without limitations . Imagine your routine day, imagine dancing on the beach at sunset . Imagine sleeping the Sahara Desert, imagine the opportunities . Imagine it easy, imagine it scientifically impossible to resolve . Imagine peace of mind, imagine New Years Eve in Times Square . Imagine swimming with dolphins, imagine it is "Zen time" . Imagine walking along Great Wall of China, imagine the incredible . Imagine a story and write a book, imagine the view from the top of the Eiffel Tower . Imagine riding a camel into the Tunisian desert, imagine comfort . Imagine meditating in Mount Yoshino, imagine relaxation . Imagine unplugging from the world for 48h, imagine stressful days . Imagine dancing the Waltz in Vienna's Le Grand Bal, imagine a dream .

Think about extraordinary moments

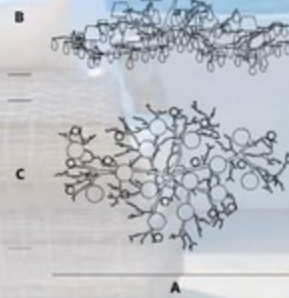

Think about routine, think beyond your wildest dreams . Think what's right, think left . Think mini, think "big in Japan" .
Think quietly, think loudly . Think positively, think +/- . Think stylish, think kitsch . Think of tomorrow, think it's too late
to go . Think, re-think and shark dive in the bahamas, think and just go for it . Think that" is better safe than sorry", think
about Kissing someone in Veneze . Think about sending a message in a bottle to know where, think to call to your lover
. Think twice and bungee jump in New Zealand, think about what you accomplished so far . Think in a trivial way, think
about a 4 month trip around the world . Think about Staying out all night dancing, think what is the best for you . Think
with no regrets, think about riding the Trans-Siberian Express across Asia .
