HOUDINI *sofa*

MAGIC IS NOTHING BUT DECEPTION DESIGNED TO DELIGHT.

It's in playing the sight and tricking perception that it relies, and it is in the same ideology that the **Houdini** sofa was conceived. Light and shadows scattering across waves of acrylic blend the environment around the sofa, providing unique compositions and exclusive outdoor ambiances.

HOUDINI *center table*

MAGIC THROUGH LIGHT AND SHADOWS.

The **Houdini** center table offers the same play of light and shadows found in the **Houdini** sofa & armchair with the purpose of providing magic and charm to any living space.

Round acrylic table top laying on oblique acrylic rods held by rings of gold plated stainless steel.

FOR EVERY POSITIVE, THERE'S A NEGATIVE.

Overlapping lightness and weight, emptiness and density, **Myface** found a visual interpretation of this universal truth, represented in a sinuous composition of acrylic and marble.

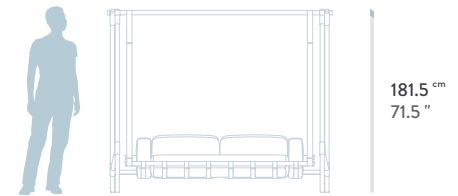

FABLE & NOA

FABLE *swing*

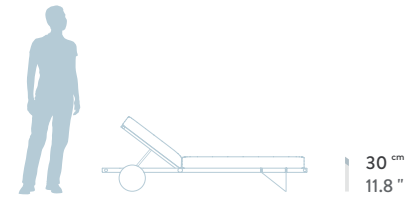

EMOTIONS MARK AND CHANGE OUR LIVES, ESPECIALLY DURING INFANT YEARS.

Through a contemporary interpretation of the traditional swing, **Fable** intends to recreate the memories held closest, the character defining moments and the feelings that can't be forgotten. Lacquered stainless steel and copper joints hold an inviting floating sofa, available in a wide color array of water repellent acrylic fibre.

NOA *chaise longue*

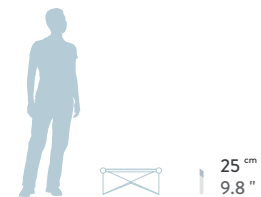

AN OUTDOOR SOLUTION OF SUBTLE FINESSE.

Noa carries **Myface**'s contemporary style and meticulous attention to detail to the common daybed. A sophisticated yet simple urban allure embodied by elegant copper and lacquered stainless steel lines.

NOA *side table*

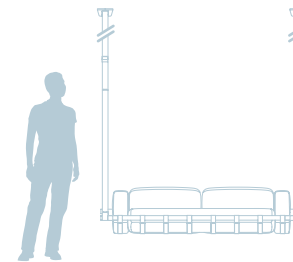

The **Noa** side table follows **Myface**'s inspirational style and the modern lines of its homonymous daybed, putting copper and stainless steel together to compose an outdoor solution of subtle finesse, having in mind quiet and comfortable times by the pool.

IMAGINE AN ENVIRONMENT FREE OF CONSTRAINTS OR LIMITS.

With this in mind, **Myface** developed **Mo**, a modular sofa abound with purity and simplicity. Three different modules, available in a wide color array of water-repellant acrylic fibre, provide an ever changing environment with due elegance and charm.

SACCU

SACCU *sofa*

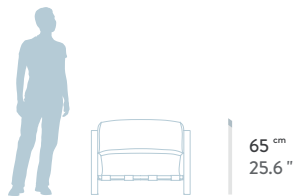

65^{cm}

CLOUDS ALWAYS MANAGED TO GATHER ATTENTION AND FIND ITS PLACE IN HUMAN IMAGINATION.

With **Saccu**, **Myface** intends to shorten the distance that separates Men from these wondrous steam forms and to take the surrounding outdoor one step closer to the sky.

SACCU *armchair*

SACCU *center table*

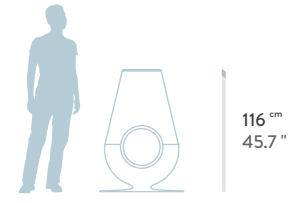

Revisiting the associations to clouds, **Saccu's** exploitation of the floating factor separates it from the standards of low tables. Acrylic profiles elevate its top above the frame, creating an illusion of suspension.

NOORI & SACCU

NOORI *fireplace*

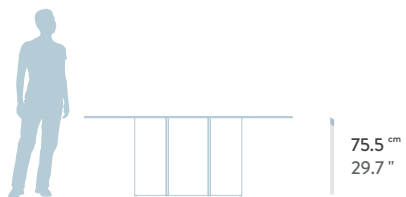

Myface's first fireplace **Noori** allows the enjoyment of outdoor spaces all through the year.
It takes clear inspiration from a droplet, contradicting its warming and lighting function through its cool and chilling shape, thus conceptually merging two essentially opposing elements in nature - fire and water.

MO & NODO

MO *dining table*

75.5 cm

A composition of a massive weaved stainless steel table top and elegant acrylic structure, put together for a striking look needed in any contemporary living space. NODO *dining table*

Dining Set

NODO

NODO

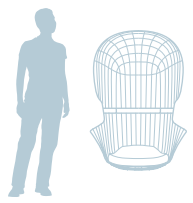

lounge chair & ottoman

Reinstating the signature style of the **Nodo** dining set, this chaise longue was designed having the raw sketch as main inspiration. Sinuous stainless steel lines of exclusive finish promise an elegant touch as well as comfort and personality to any relax driven patio.

adjustable height

200 ^{cm} to 300 ^{cm}
78.7 " to 118.1 "

Completing its homonymous set, the **Nodo** hanging chair - crafted with stainless steel and acrylic fabric - depicts and somehow questions the value of freedom, extending the idea of comfort and warmth found in a nest to a cold yet elegant suspended bird cage.

NERO

NERO *dining chair set*

IT'S SAID THAT OPPOSITES ATTRACT.

Nero found its appeal on apparent contradictions - a built, well-shaped torso and skinny, elegant legs - shaped in weather resistant fabric and powder coated metal structure, provide a dining solution to any contemporary environment.
